NATIONAL ASSOCIATION OF AGRICULTURAL EDUCATORS, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2011 AND 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Association

National Association of Agricultural Educators, Inc. (the Association) was incorporated in the state of California in 1952. The objectives of the Association are as follows: to assume and maintain national leadership in the promotion and furtherance of all levels of agricultural education; to bring together agriculture teachers through membership in a national Association devoted exclusively to their interests; to provide an opportunity for agriculture teachers to discuss problems affecting agricultural education on a national level; to serve state or local Associations of agriculture teachers in the solution of problems which may arise; to cooperate with Association for Career and Technical Education in furthering the cause of career and technical education; to cooperate with education entities in furthering the mission of agricultural education in order to provide a dynamic education system.

Income Tax Exemption

The Association is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code, however the Association is not exempt from tax imposed upon unrelated activity income. The Association currently has no unrelated business income and accordingly, no provision for income taxes has been recorded.

Under generally accepted accounting principles, the Association must recognize the tax benefit associated with tax taken for tax return purposes when it is more likely than not the position will be sustained. The Association does not believe there are any material uncertain tax positions and, accordingly, it has not recognized any liability for unrecognized tax benefits or possible related interest or penalties.

Financial Statement Presentation

The Association prepares its financial statements in accordance with generally accepted accounting principles for non-profit Organizations, which require the Association to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted and permanently restricted.

- a) Unrestricted net assets encompass the portion of net assets that are neither permanently restricted nor temporarily restricted by donor-imposed stipulations.
- b) Temporarily restricted net assets are the net assets resulting from contributions and other inflows whose use by the Association is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Association pursuant to those stipulations.
- c) Permanently restricted net assets are the net assets resulting from contributions whose use by the Association is limited by the donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Association.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions, restricted net assets are reclassified to unrestricted net assets upon satisfaction of the time or purpose restrictions.

NATIONAL ASSOCIATION OF AGRICULTURAL EDUCATORS, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2011 AND 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNT POLICIES, continued

Accounts Receivable

The Association charges its members for membership dues according to a set fee structure. The Association anticipates all of its accounts receivable at June 30, 2011 and 2010 to be fully collectible.

Investments

The Association reports investments at fair market value rather than historical or amortized cost. Fair market value is based on quoted market prices. Realized gains and losses on the sale of investments are computed using the specific cost of the investment sold.

Property and Equipment

Property and equipment are carried at cost. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets.

Inventory

Inventory values are calculated under lower of cost or market method, and are accounted for on an average cost basis.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - INVESTMENTS

Investments are composed of three accounts, each of which operates under different restrictions. The purpose of the Operating Reserve Account is to provide funding for both long and short-term projects, special initiatives, and to provide for shortfalls in the operating budget of the Association. Funds are not restricted as to use except that they are used for the benefit of the Association and its membership. The purpose of the Life Membership Account is to properly account for and segregate those funds that are received from members for lifetime memberships. The principal amounts paid as lifetime memberships are designated by the board of directors and cannot be accessed by the Association. Investment earnings from these memberships are used to provide for goods and services to the Association's membership. The Legislative Account funds and supports non-partisan issues that have an impact on agricultural education. No funds are used in the active support of a particular candidate.

Investments are recorded at fair market value in accordance with generally accepted accounting principles. The net realized and unrealized gains or losses on investments are recorded in the Statement of Activities by classification of the assets.
